

Practice Hours

Policy Number: CCC-2

Date of Approval	Responsible Authority	Last Revised
September 12, 2012	CMLTM Council (Continuing Competency Committee)	December 6, 2023

Policy

To qualify for renewal of registration the Medical Laboratory Technologists Regulation 179/2006 requires technologists to have completed a minimum of 1200 practice hours in 5 years prior to the year of renewal.

To ensure this requirement is met all technologists must report their practice hours on renewal. The Registrar shall review members' renewals to ensure the minimum practice requirement is met. Members who have not satisfied the minimum practice hour requirement and wish to maintain active membership will be required to complete either 500 hours of supervised practice or complete a refresher course approved by Council. Non-compliant members will be referred to the Board of Assessors for a decision.
