April 16, 2026

Dear Employer,

The College of Medical Laboratory Technologists of Manitoba (CMLTM) is transitioning from the Medical Laboratory Technologists Act to the Manitoba Regulated Health Professions Act (RHPA) with the guidance and support of the Manitoba Government.

The CMLTM has provisional support from the Manitoba Department of Health, Seniors and Long-Term Care to advance the inclusion and regulation of Medical Laboratory Assistants (MLAs) and Combined Laboratory and X-ray Technologists (CLXTs) under the RHPA.

I am asking you to share news of this support with Medical Laboratory Assistants and Combined Laboratory and X-Ray Technologists by imploring them to subscribe to the CMLTM mailing list (details are available on the CMLTM website). Through this list, we will be able to update MLAs and CLXTs on progress with this project to maintain communication and transparency with our future members.

The CMLTM is also planning to establish an ad-hoc advisory committee consisting of MLAs and CLXTs, to ensure their voices are heard and aspects unique to these professionals are incorporated within the Regulations.

I look forward to providing all stakeholders with updates as the transition progresses.

Regards,

A handwritten signature in blue ink that reads 'Janie McBey'.

Janie McBey, MLT  
Registrar/CEO  
CMLTM
