The Council will invest in its governance capacity to ensure ethical operation of the College in its mandate of public protection.

Accordingly:

1. Council skills, methods, and supports will be sufficient to ensure governing with excellence.
  - a. Training and retraining will be used liberally to orient new members and candidates for membership, as well as to maintain and increase existing member skills and understandings.
  - b. Outside monitoring assistance will be arranged so that the Council can exercise confident control over organizational performance. This includes, but is not limited to, financial audits.
  - c. Outreach mechanisms will be used as needed to ensure the Council’s ability to listen to stakeholder viewpoints and values.
2. Costs will be prudently incurred, though not at the expense of endangering the development and maintenance of superior capability.
3. The Council will establish its cost of governance budget for the next fiscal year during the month of October.
