### **Required Record Checks for Registration**

CMLTM will be required to add new requirements for registration and renewal when the new Regulated Health Professions Act (RHPA) comes into force. CMLTM will be required to obtain criminal record checks (with vulnerable person's sector check), child abuse registry checks, and adult abuse registry checks on all practicing members upon registration and updated every 5 years.

CMLTM Council decided to implement the new requirements on October 1<sup>st</sup>, 2015 for all new applications and renewals. Effective October 1<sup>st</sup>, 2015 all new applications and renewals submitted will require the previously mentioned records checks to be submitted before the application or renewal can be approved. All practicing members will be required to update the record checks (new record checks for all checks) every five years. For the years between submissions members will still need to self-declare any criminal convictions.

The record checks submitted must be current at the time of renewal or application (most are valid for 6 months from that date they are issued). Please remember to expect at least 2-6 week for requests to be processed. If you are required to submit finger prints for an extensive criminal/vulnerable record check, the process will be delayed up to 6 months. Please apply for your record check well in advance to ensure you have the required documents in time for renewal or application.

### **Vulnerable Sector Screening**

Vulnerable Sector Verification is used to determine the possible existence of a criminal record and/or a sexual offence conviction for which an individual has received a pardon. With recent changes made by the RCMP in this search, it will result in more individuals having to submit fingerprints to the RCMP National Repository of Criminal Records to complete the verification.

The Winnipeg Police Service can only complete a Vulnerable Sector Screening for residents of the City of Winnipeg. You must have ID that shows Winnipeg as your permanent residence. If you are a non-resident of the City of Winnipeg, you must make this application to the police service that is responsible for policing in your jurisdiction.

### Adult Abuse Registry Check

The purpose of the Adult Abuse Registry is to help protect vulnerable adults by allowing employers to screen potential employees and volunteers who want to work with vulnerable people.

The Registry contains names of persons who have been found to have abused or neglected a vulnerable adult, defined under *The Vulnerable Persons Living with a Mental Disability Act (VPA)* as an adult living with a mental disability who is in need of assistance to meet their basic needs with regard to personal care or management of his or her property and patients defined under The PPCA as an adult, other than a vulnerable person under The VPA, who is a resident or an in-patient in a hospital, personal care home or Selkirk Mental Health Centre, or is receiving respite care in such a facility, receiving services in a geriatric day hospital that is managed by a hospital designated by regulation under *The Health Services Insurance Act*, or receiving services in an emergency department or urgent care centre of a hospital.

#### **How is a name placed on the Registry?**

There are 2 ways that a name may be listed on the Registry:

- If a person has been found or pleaded guilty to an offence involving the abuse or neglect of a vulnerable adult, the person's name must be placed on the Registry. As long as the person is likely to be in Manitoba, it does not matter where the offence took place.
- If the Adult Abuse Registry Committee determines, using its own process, that a person has abused or neglected a vulnerable adult and that the person's name should be placed on the Registry, the name must be placed on the Registry. The Committee receives cases to review for this purpose from government officials who are responsible for investigating suspected cases of abuse or neglect of vulnerable adults.

### Child Abuse Registry

The purpose of the Child Abuse Registry is to help child and family services agencies protect children. Under certain circumstances, an employer or organization can access the Registry to determine whether persons who will have the care of children or have unsupervised access to children are listed on the Registry.

The Registry contains names of persons who have been found to have abused a child.

#### **How is a name placed on the Registry?**

There are 3 ways that a name may be listed on the Registry:

- A person was found guilty or pleaded guilty to an offence involving the abuse of a child in a court either inside or outside of Manitoba;
- A family court has found a child to be "in need of protection" due to abuse; or
- A child and family service agency's Child Abuse Committee has reviewed the case and formed an opinion that a person has abused a child.

**Any person may apply for a check to determine if his or her name is listed on the Registry. Methods of application include:**
